DT DROP

Ebb Pendant Family

by David Trubridge

The Ebb family of pendant lights was first launched as fully assembled lamps made from plastic and wood components. In 2015 they were redesigned as kitset which reduced the environmental impacts of shipping. Now the Ebb family of Swell, Bounce, Roll and Drop are made from Birch plywood, becoming an even more sustainable feature pendant light. Ebbs patterns are inspired by the lines of flowing water in streams and rivers.
