# Ixa Wall Spot

by Foster + Partners

Inspired by the graceful movement of Alexander Calder's sculptures, the Ixa Wall Spot brings balance, flexibility, and refined simplicity into everyday spaces. Designed by Artemide in collaboration with Foster + Partners, it features an adjustable spherical head, allowing the light to be shaped and directed to suit the space. Crafted from sustainable materials, Ixa Wall Spot is both sculptural and functional, equally at home as a single accent or arranged in a considered composition. Finished in White/Grey, Anthracite, Blue, or Yellow, it brings a sense of movement to any interior. Made in Italy by Artemide.
