AX PEDRO-PL-011

Pedro Ceiling Light

by Paolo Francescato

The Pedro Ceiling Light by Paolo Francescato for Axo Light reduces a familiar form to its essentials. A refined, compact geometry houses a considered lighting system that directs light onto secondary surfaces, reflecting it back as soft, even illumination. Formal simplicity meets ergonomic, efficient performance in an innovative take on the classic ceiling light. Crafted in aluminium, it suits corridors, bedrooms and hospitality interiors where a discreet fixture is preferred. It is offered in a broad palette of finishes, from understated neutrals to saturated colours, with a choice of warm white colour temperatures. Made in Italy by Axo Light.
