VI S/POC - 023

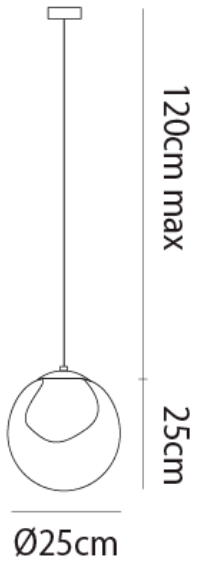
Poc Pendant

by Barbara Maggiolo

Designed by Barbara Maggiolo for Vistosi, the Poc Pendant is a study in how glass can shape light. Each sphere is mouth-blown in Murano in crystal white glass and holds a fine inner membrane that behaves like a lens, so the globe appears to be composed of two distinct halves. Because every membrane is rendered individually, no two pieces carry light in quite the same way, with subtle shifts in intensity and colour playing across the surface of each one. It is a quiet expression of Vistosi's Murano glassmaking heritage, where the character of the handmade process is part of the design itself. The Poc Pendant is offered in two sizes with a choice of metal finishes, and is available with either an integrated LED or a G9 lampholder. Handmade in Italy by Vistosi.

Designer	Barbara Maggiolo
Supplier	Vistosi
Country	Italy
SKU	VI S/POC - 023
Size	25cm
Metal Finish	Matte Black Nickel
Version	Integrated LED - 2700K

Product Dimensions



Weight	2.5kg
Colour Temp	2700K
Dimming	PHASE

Materials	Murano blown glass
Output	1500lm

Source	12W LED
IP Rating	IP20
