QB Wall Light

by Rotaliana

The QB creates an optical illusion due to its shape and the light source. In fact, the QB which is made in die-cast aluminum, only protrudes by a few centimeters from the wall although looking like a larger cube. The QB will lighten up the room with the strong indirect beam. The QB can come in White (matte), Graphite, Silver, Black (matte), Bronze or Champagne in dimmable (PHASE) or non-dimmable version.
