

AX S/JEWEL/1/DIM/BK

Jewel Pendant

by Yonoh

Jewel is a collection of suspension lamps characterised by a double crossed arch which composes the pendant. The recycled ABS arch cradles an aluminium conical shape which houses the LED light source, creating an simple yet elegant feature within a space. Jewel can be installed individually or in series to create a more diffused beam. Available in single, 3 light or 10 light versions in black finish. Design by Yonoh for Axolight.
