

U-Light Pendant

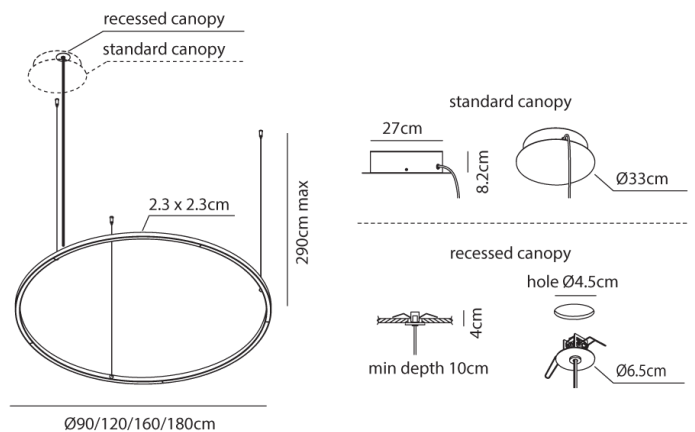

by Axo Light

The U-Light collection by Timo Ripatti is composed of minimalist and lightweight circular aluminum elements which create a strong presence within a space. Contemporary in design and functionality, all models of the U-Light are equipped with cutting-edge dimmable LED technology. The simple geometric aesthetic of the U-Light is perfectly suited to modern interiors as accent lighting in smaller spaces to feature applications in large commercial projects. The U-Light pendant is available in 90cm to 180cm diameter versions in anthracite grey or rust brown finish. Can be installed as uplight or downlight with surface or recessed canopy. A sound absorbing version is also available upon request.
