VI S/JUBE/G/STEEL/BURNT/WHITE

Jube Pendant

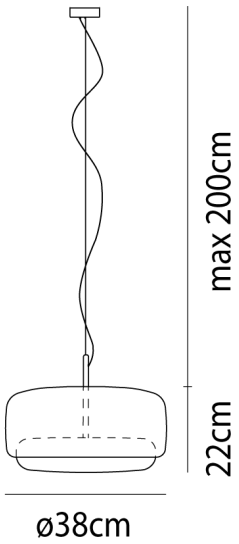

by Favaretto&Partners

Essential, sinuous and delicate, Jube was born from the union of two mouth blown glasses that, once assembled together, create an overlapping, ton sur ton effect with retro charm. Thanks to a powerful waterjet which perforates glass with holes of a very large diameter, the fusion of the glasses is perfectly integrated, allowing two glasses to look like a single piece. The lower glass is glossy white, with various colour options for the upper glass. The LED light source produces a widespread and powerful light. Available in large and small sizes.
