

AX S/ALYSOID/43/BN

Alysoid Pendant

by Ryosuke Fukusada

ALYSOID, the first project by Japanese designer Ryosuke Fukusada for Axo Light, is inspired by the world of geometry and architecture. A collection of aluminum handcrafted suspension lamps characterized by elegant, draped chains which define the diffuser. Available in various sizes with nickel or brass chains. Winner of a 2017 GOOD DESIGN AWARD by the Chicago Athenaeum Museum of Architecture and Design.
