RO S/SQUIGGLE/H12/3000K/GOLD

Squiggle H12 Pendant

by Paolo Rizzatto

Inspired by the "Neon structure" by Lucio Fontana for the 9th Triennale of Milan, Squiggle is a suspended tubular exoskeleton containing an LED strip up to 6m long. A sequence of irregular hexagon-shaped holes allow light to escape the metal structure, projecting a complex array of geometric patterns, including broken curved lines and concentric rings. Squiggle comes in a wide range of designs and sizes to suit a myriad of installation possibilities, with all versions available in matt gold, black or white finish. Made in Italy.

Designer	Paolo Rizzatto
Supplier	Rotaliana
Country	Italy
SKU	RO S/SQUIGGLE/H12/3000K/GOLD
Finish	Gold
Version	3000K
