

AX S/KWIC/48/BLACK

Kwic Pendant

by Serge & Robert Cornelissen

Kwic, designed by Serge and Robert Cornelissen, is a pendant light with a minimalist contemporary design. A semi-spherical blown glass diffuser contains an integrated LED light source and overlaps - in a decentralized position - with a circular painted aluminium disk. Kwic imbues a space with a powerful light which radiates from the opaline white diffuser, and a delicate glow that filters through the back of the frame. Depending on the location, Kwic can be a discreet presence or a point of focus in a room. Available in a variety of sizes and finishes.
