Fold Ceiling Light

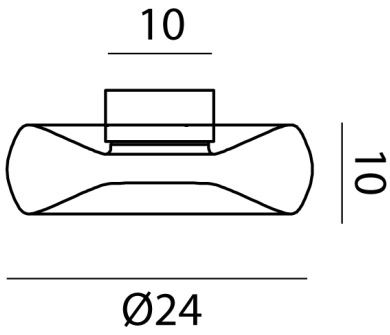

by Cristian Li Voi

Fold by Cangini & Tucci produces a mirage of light through it's unique blown-glass design. Inspired by contrasts, Fold creates an illusion of depth with a folded glass form which both conceals the in-built LED source and emits reflections between the top and bottom of the diffuser interior, producing a delicate glow within a space. Wall and ceiling light is surface mounted. Available in various sizes and a wide range of finish options with black or chrome metalware.
