Dodot Light

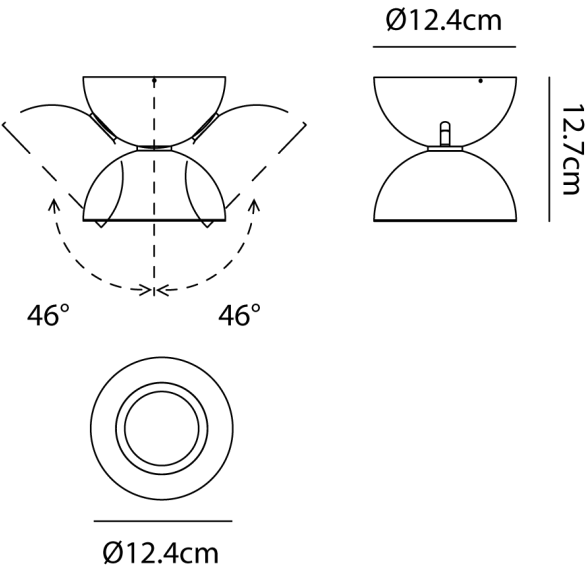

by Simone Micheli

A perfect harmony of form and function, Dodot is a highly versatile surface mounted light. It is characterised by it's minimalist geometric form and is available in a selection of neutral colours to suit a wide range of architectural lighting applications. The fitting is made up of two small hemispheres that can be adjusted up to 90 degrees with an in-built 17.5W LED providing a high output illumination. Available in 15, 35 or 48 degree beam in 2700K or 3000K. Suitable for installation on ceiling and wall surfaces, Dodot is the latest creation of architect and designer Simone Micheli for Axolight. Made in Italy.
