

On Lines Table Lamp

by Jean Nouvel

"Blurry, contrasting, pure, rhythmic, cold, warm...Everyone gets lost depending on situations and desires," says designer Jean Nouvel of the immersive abstraction of his interactive On Lines Table Lamp. A series of colored methacrylate diffusers slot into an LED-illuminated aluminum base where tracks allow the user to freely position the diffusers to create their own configurations of light and transparency. Evoke an abstract painting, a city's luminous skyline, or any mood that pure light and form can reflect. The lamp has a touch dimmer switch keeping inline with its elegantly minimal design. Available in two versions, white painted base and colored diffusers or black painted base with transparent and one red diffusers.

Designer	Jean Nouvel
Supplier	Nemo
Country	Italy
SKU	NE LT/ONLINES/TRANS/RED
Version	Black base with transparent and red diffusers

Product Dimensions

Weight	2.1kg
Colour Temp	2700K
Emission	diffused

Materials	aluminum base, methacrylate diffusers
Output	1700lm
IP Rating	IP20

Source	15W LED
CRI	85
Dimming	Touch dimmer
