

NE LT/BIRD/BLACK

Bird Table Lamp

by Bernhard Osann

Uniquely designed table lamp in extruded aluminum with T-shaped support in polymer filled with glass fibers. From the mind of German designer Bernhard Osann, Bird is composed of a protruding matte black painted arm where the light source is located and a vertical brass counterweight. The lamp placed freely on the edge of a surface, oscillates and moves but always returns to the horizontal position. The LED module incorporated in the arm rotates around its own axis, making the lamp versatile and providing diffused direct and indirect lighting. Switching on and touch dimming through a proximity sensor. (*plinth not included)

Designer	Bernhard Osann
Supplier	Nemo
Country	Italy
SKU	NE LT/BIRD/BLACK
Finish	Black

Product Dimensions

Weight	1kg	Materials	Aluminium	Source	10W LED
Colour Temp	2700K	Output	715lm	CRI	85
Emission	orientable	IP Rating	IP20	Dimming	Touch dimmer
Notes	Plinth not included
