

VI S/PUPPETRING/7/BLACK/MIXED

Puppet Ring Pendant

by Romani Sacconi Architetti Associati

A re-imagining of the now modern classic Puppet collection, Puppet Ring is a new innovation from Romani Sacconi Architetti Associati. As with the original, Puppet ring incorporates delicate mouth blown crystal diffusers, each imbued with an irregular lined degrade finish which produces a soft cloudy pattern on surrounding surfaces. Puppet ring differs from past designs through it's unique "ring" like frame, imbuing the updated collection with an air of contemporary elegance. Available as 5, 7, or 9 light configuration in a variety of finish option and combinations.
