

VI A/DAMASCO/1A/CR

Damasco Wall Light

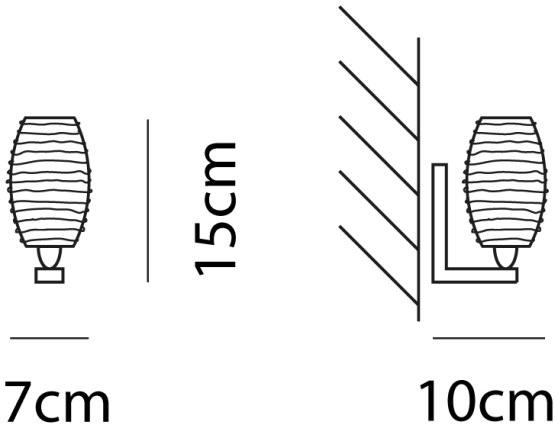

by Paolo Crepax

The Damasco Wall light collection is created with the 'bozzolo' technique, which entails manually applying 'threads' of molded glass on a re-shaped element in mouth-blown crystal. Available in clear crystal or topaz threadsin various sizes. Expertly hand crafted in Italy.

Designer	Paolo Crepax
Supplier	Vistosi
Country	Italy
SKU	VI A/DAMASCO/1A/CR
Finish	Crystal
Size	Small

Product Dimensions

Weight	1kg
IP Rating	IP20

Materials	Blown Glass
Dimming	Dependent on globe

Source	1 x G9 75W (Max)
