

VI S/SURFACE/G/WH/BE

Surface Pendant Light - Large

by Giovanni Barbato

Giovanni Barbato redefines the concept of surface with this elegant modern pendant. No longer a finite and determined area, but an extension of glass whose shape is constantly changing. The union and intersection of two solids of revolution, Surface takes different shapes depending on the observers' point of view. This large version of the Surface pendant is end-of-line with very limited stock.
