Diadema O2 Chandelier

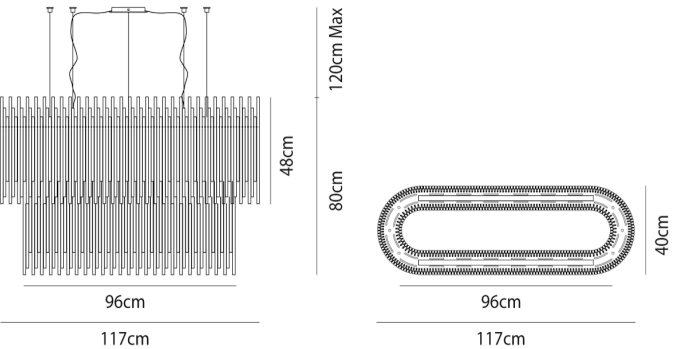

by Romani Saccani Architetti Associati

Diadema is based on the single element of the rod in pure glass. Combining reeds of different sizes, the Diadema O2 Chandelier reflects and transmits a feeling of movement, bringing opulence to a space. The metal frame allows numerous variations and plenty of room for customized versions. Design by Romani Saccani Architetti Associati for Vistosi. Made in Italy.

Designer	Romani Saccani Architetti Associati
Supplier	Vistosi
