

NE S/TITIA/2700K/1-10v/WHITE

## Titia Pendant

by Arihiro Miyake

Titia is a suspended LED luminaire composed of identical injection-moulded modules in thermoplastic polymer equipped with quick couplings for easy assembly. It can be suspended on its own or as a row of pendants to create a unique design. Described as a suspended swirl of light, Titia is inspired by the spirit of Christmas garlands and wooden merry-go-rounds. Available in black or white finish.
