Spirit Ceiling Light

by Marco Acerbis

Designed by Marco Acerbis for Vistosi, the Spirit Ceiling Light is inspired by the elegant shape of a diamond. The delicate folds which give the Spirit it's characteristic look are the result of a long process of development, creating a unique light reflection while concealing the light source. Made with mouth blown glass in Italy. Spirit is surface mounted for wall or ceiling installations. Available in 2 sizes in transparent crystal finish. Please note that this transparent crystal version of the Spirit ceiling light is discontinued with very limited stock. The white version of the Spirit remains in production and is found in our general catalogue.
