Zoe Max Pendant

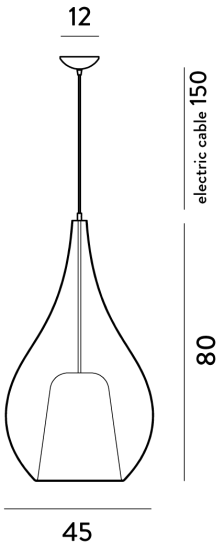

by

Zoe Max is a blown glass pendant lamp made entirely by hand. With a diameter of 45cm and a height of 80cm, it is one of the largest lamps made by Cangini e Tucci, requiring hours of careful labour performed by skilled glassblowers. Elegant and timeless, the generous size of the Zoe Max makes it perfect for commercial installations, such as voids within architectural spaces. Zoe Max is available in a range of finish options.
