

NE A/ZENA/3000K/WHITE

Zena Wall Light

by Roberto Paoli

The clean silhouette of Zena is the result of a rigorous research of geometrical design that leds to the conception of an essential and powerful artefact featuring significant lighting performances. The PLUS version includes a track that can host up to two adjustable spots. Zena represents a revolution in the world of wall lamps, a contemporary experiment that transforms the wall lamp from a traditionally static object into a dynamic and sophisticated element, an important synthesis of lightness, power and comfort. Zena features recyclable aluminium extrusions available in matt white and matt black. Optional spotlights in the PLUS version (available on request).
