

MAS A/DRYLIGHT/A2/RGB-W/EXTREME

## Drylight Wall Light

by Masiero Lab

Drylight is a patented lighting collection from Masiero that reproduces the iconic Venetian chandelier for outdoor use. Drylight is the result of years of research carried out by Masiero's R&D department, with each item in the collection featuring an IP66 protection index. They are protected against water, dust, and corrosion; resistant to stress, UV and extreme temperatures (ranging from -30 degrees Celsius to +50 degrees Celsius); and incorporate lightness and modularity for simple installation. The Drylight wall light is offered in a 'premium' version for use undercover, or an 'extreme' version with added wind resistance for use all year round. The exterior wall light is available in white or a changeable RGB-W LED version with smartphone app or optional remote control. Exclusive to Masiero and made in Italy.

<b>Designer</b>	Masiero Lab
<b>Supplier</b>	Masiero
<b>Country</b>	Italy
<b>SKU</b>	MAS A/DRYLIGHT/A2/RGB-W/EXTREME
<b>Version</b>	Extreme
<b>Source</b>	RGB-W LED

### Product Dimensions

<b>Weight</b>	1kg	<b>Materials</b>	Polycarbonate pendants and prisms (recommended for outdoor use all year round)	<b>Source</b>	2 x RGB-W LED, 8W MAX
<b>Emission</b>	RGB-W light controlled via smartphone app or optional remote control (enquire at purchase)	<b>IP Rating</b>	IP66	<b>Dimming</b>	Dimmable via SMARTPHONE APP/DMX control only
<b>Notes</b>	Extreme version is UV and corrosion resistant and can withstand temperatures between -30C to +50C and winds of up to 80km/h
