String XL White Floor Lamp - Silver Cable

by Dante Donegani and Giovanni Lauda

String XL is a large LED floor lamp designed to illuminate an area from above. The aluminium structure is supported by a base with cast-iron ballast with a coloured elastic cord that compensates the movements. A touch dimmer is built into the lower arm and the head, which features a polycarbonate diffuser, shields the direct light of the LEDs and is adjustable. The adjustability and size of the String XL is ideal for indirect lighting over a corner of the sofa, dining table, or study area. White finish with silver textile cable.
