VI S/SURFACE/P/WH/BE

Surface Pendant - Small

by Giovanni Barbato

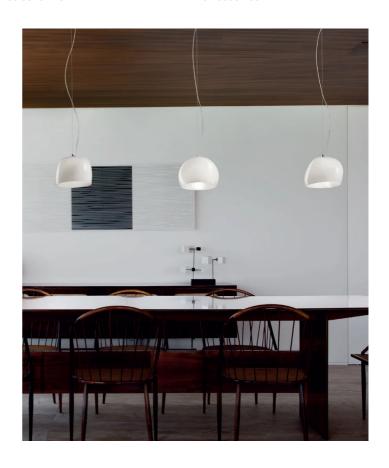

Giovanni Barbato redefines the concept of surface with this elegant modern pendant. No longer a finite and determined area, but an extension of glass whose shape is constantly changing. The union and intersection of two solids of revolution, Durface takes different shapes depending on the observers' point of view. This small version of the Surface pendant is end-of-line with very limited stock.
