

NE LT/PORTOFINO/BLUE

Portofino Table Lamp

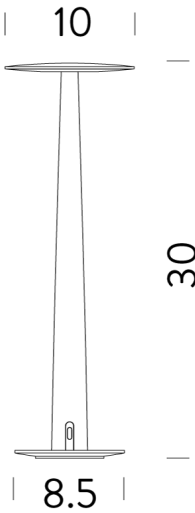

by Valerio Sommella

Portofino is a slim, sleek and lightweight table lamp. Portable and rechargeable. A contemporary and versatile design. The result of a process guided by the redefinition of product architecture, the redistribution of components and their optimisation in terms of volume and efficiency. Made of injection-moulded polycarbonate, and in a more domestic version with a marble base in different essences.

Designer	Valerio Sommella
Supplier	Nemo
Country	Italy
SKU	NE LT/PORTOFINO/BLUE
