

MAS A/DRYLIGHT/A2/WHITE/PREMIUM

Drylight Wall Light

by Masiero Lab

Drylight is a patented lighting collection from Masiero that reproduces the iconic Venetian chandelier for outdoor use. Drylight is the result of years of research carried out by Masiero's R&D department, with each item in the collection featuring an IP66 protection index. They are protected against water, dust, and corrosion; resistant to stress, UV and extreme temperatures (ranging from -30 degrees Celsius to +50 degrees Celsius); and incorporate lightness and modularity for simple installation. The Drylight wall light is offered in a 'premium' version for use undercover, or an 'extreme' version with added wind resistance for use all year round. The exterior wall light is available in white or a changeable RGB-W LED version with smartphone app or optional remote control. Exclusive to Masiero and made in Italy.

Designer	Masiero Lab
Supplier	Masiero
Country	Italy
SKU	MAS A/DRYLIGHT/A2/WHITE/PREMIUM
Version	Premium
Source	White LED

Product Dimensions

Weight	3kg	Materials	Cut crystal pendants and octagons (recommended for use undercover)	Source	2 x LED, 5W Total
Colour Temp	3000K	Output	560lm Total	Emission	White
IP Rating	IP66	Dimming	Non-Dimmable	Notes	Premium version is UV and corrosion resistant and can withstand temperatures between -30C to +50C
