

VI S/RIKETTA/G/3K/WHITE

Riketta Pendant

by Oriano Favaretto

Riketta, the new hanging lamp by Oriano Favaretto for Vistosi, embodies a modern take on the classic egg shape. Blending white opaline glass at the base with 2.7 mm diameter metal rods at the top, Riketta's concealed LED source within the white glass diffuser creates subtle illumination. Available solely as a pendant, the lamp can be used individually, in pairs, or groups, offering diverse lighting effects through adjustable suspensions. Available in white finish in two size options.
