PaoPao Pendant

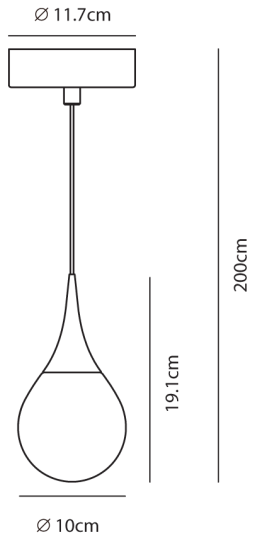

by Hui Lun Li

The PaoPao collection is inspired by the artistry of fine jewelry. The glass sphere is mouth-blown and vacuum plated to create a unique layered effect. The mirrored finish of the glass diffuser becomes transparent when the light is turned on, revealing a delicate glowing source. The PaoPao Pendant utilizes high efficiency integrated LED design with a warm emission ideal for mood lighting. Available in 3 finish options.

Designer	Hui Lun Li
Supplier	Seed Design
Country	Taiwan
