

VI S/PLISSE/G/STEEL/SMOKE

Plisse Pendant

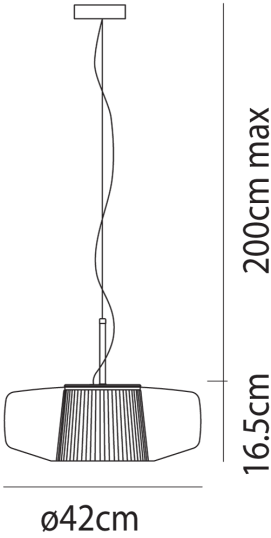

by Chiaramonte & Marin

Plisse, a pendant lamp with an LED source, exhibits a sophisticated design reminiscent of the graceful movement of jellyfish. The oversized blown glass diffuser encapsulates an inner fabric lampshade, creating a play of transparencies, shades, and textures. Its elegant silhouette and the meticulous interplay of materials make Plisse a distinctive and refined addition to any space it graces. Available in various finish combinations.

Designer	Chiaramonte & Marin
Supplier	Vistosi
