MAS S/SOUND/BIL5/LED/BRUSHED BRASS/MATT BLACK

Sound Horizontal Pendant

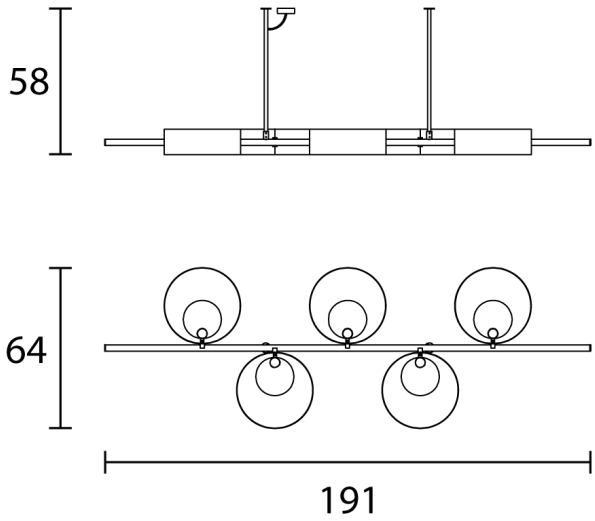

by Giovanni Battista Gianola

What form would sound take if it were a product? Designer Giovanni Battista Gianola and Masiero attempt to answer that question with the Sound collection of contemporary luminaries. With a form evoking the expansion of sound waves, Sound combines circular metal elements with decorated glass diffusers to create a piece which speaks to our senses. Each source casts light both upwards and downwards, making the Sound horizontal pendant perfect for feature lighting applications. Available in lamp holder or LED version in various sizes and finish options. Made in Italy by Masiero.
