AX S/LAYERS/B/WHITE

Layers Acoustic Pendant

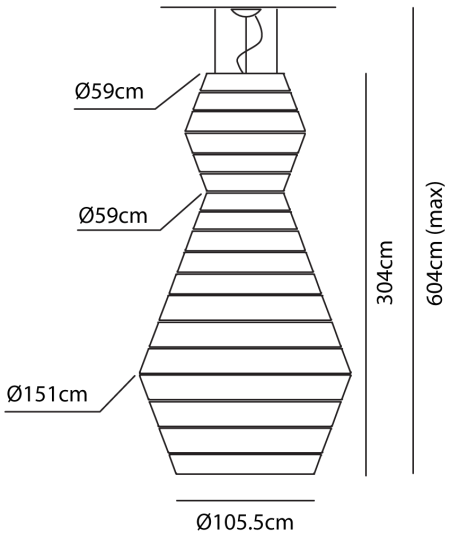

by Timo Ripatti

The Layers collection of suspension lamps combines geometric shapes to create a bold, sculptural presence. Its modular, layered design allows for customisable forms, providing versatile installation options. Despite its substantial volume, Layers remains lightweight, making it ideal for larger areas. The fabric texture and structure have been tested to reduce noise by up to 47%. With an Equivalent Absorption Area of up to 5.78, Layers offers exceptional sound-absorbing performance. Various sizes available in warm white or white finish. Collaborative design by Timo Ripatti, Manuel and Vanessa Vivian.

Designer	Timo Ripatti
Supplier	Axo Light
Country	Italy
SKU	AX S/LAYERS/B/WHITE
Size	B
Finish	White

Product Dimensions

Materials	Smooth ponge fabric
Dimming	Dependent on globe

Source	15 x E27 70W (Max)
Notes	Flame retardant version available on request

IP Rating	IP20
