## Sol Rossomosto Floor Lamp

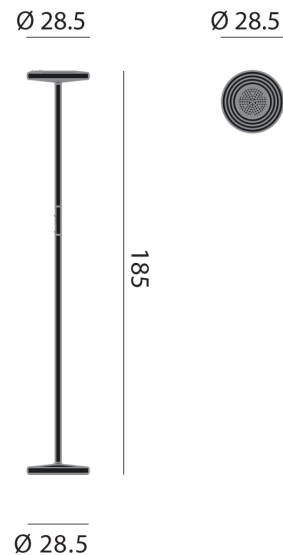

by Paolo Rizzatto

Paolo Rizzatto's SOL floor lamp adorns a new color conveying passion, land, and tradition. The colour ROSSOMOSTO, a dark and deep burgundy, is inspired by the Rotaliana Plain, the beating heart of wine production in Trentino, Italy and where manufacturer Rotaliana resides. Teroldego Rotaliano wine possesses vibrant and intense hues like those of must, which reveals its characteristics during fermentation. ROSSOMOSTO perfectly captures this magical phase of transformation. Functionally, Sol utilises 96 LEDs directed downward and 128 LEDs directed upward, where light intensity can be independently adjusted for each direction. Special raster optics minimize glare while adorning the horizontal surfaces with a pattern of concentric squares. Concentric circle engravings aid in heat dissipation. Rossomosto is limited edition. Made in Italy.
