## Eclisse Table Lamp

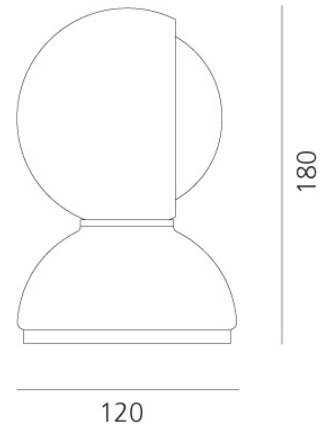

by Vico Magistretti

An icon of Italian design since 1965, the Eclisse table lamp designed by Vico Magistretti balances avant-garde form with intelligent function. Its revolutionary rotating inner shade, inspired by miner's lamps, "eclipses" the light source to adjust between direct and diffused illumination. Available as a table or wall lamp in painted metal (white/red/orange/yellow) or eco-conscious PVD finishes (black/brass/copper/mirror). The sustainable PVD process uses metal vacuum deposition, eliminating toxic emissions while creating durable finishes. Awarded the Compasso d'Oro (1967) and featured in MoMA's permanent collection, Eclisse remains a benchmark of thoughtful design. Made in Italy by Artemide.

<b>Designer</b>	Vico Magistretti
<b>Supplier</b>	Artemide
<b>Country</b>	Italy
<b>SKU</b>	ART LT/ECLISSE/ORANGE
<b>Finish</b>	Orange

### Product Dimensions

<b>Materials</b>	Steel, technopolymer	<b>Source</b>	1 x E14 LED (Max 5W)	<b>Emission</b>	Diffused or direct via rotating inner shade
<b>IP Rating</b>	IP20
