## Empatia Ceiling Wall Light

by Carlotta de Bevilacqua

Inspired by the timeless art of Venetian glass-blowing, Empatia wall light is the result of a close collaboration between Artemide and master glass artisans. Each piece is individually crafted, celebrating the delicate balance between transparency and opacity to create a soft, glare-free glow. The glass diffuser is paired with a high-performance LED, designed separately to enhance thermal efficiency and light quality. A transparent light guide channels illumination seamlessly into the hand-blown glass, creating a luminous effect that beautifully enhances a space. Available in three sizes and can be installed on wall or ceiling surfaces. Designed by Carlotta de Bevilacqua and Paola di Arianello and made in Italy.

<b>Designer</b>	Carlotta de Bevilacqua
<b>Supplier</b>	Artemide
<b>Country</b>	Italy
<b>SKU</b>	ART 1818010A
<b>Size</b>	26
