Empatia Pendant

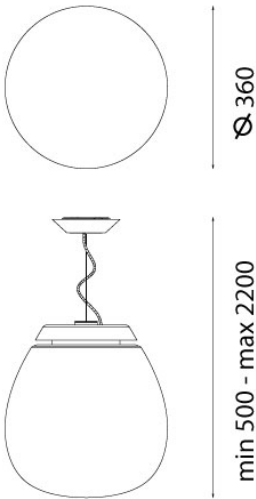

by Carlotta de Bevilacqua

Inspired by the timeless art of Venetian glass-blowing, Empatia pendant light is the result of a close collaboration between Artemide and master glass artisans. Each piece is individually crafted, celebrating the delicate balance between transparency and opacity to create a soft, glare-free glow. The glass diffuser is paired with a high-performance LED, designed separately to enhance thermal efficiency and light quality. A transparent light guide channels illumination seamlessly into the hand-blown glass, creating a luminous effect that beautifully enhances a space. Available in three sizes in dimmable or non-dimmable options. Designed by Carlotta de Bevilacqua and Paola di Arianello and made in Italy.

Designer	Carlotta de Bevilacqua
Supplier	Artemide
Country	Italy
SKU	ART 1823010A
Size	36
Version	Non-Dimmable

Product Dimensions

Materials	Blown glass, methacrylate, aluminium
Output	1273lm
Dimming	Non-dimmable

Source	24W LED
CRI	90
Notes	Max drop: 220cm

Colour Temp	3000K
IP Rating	IP20
