Altrove Wall Ceiling Frame

by Carlotta de Bevilacqua

A frame creates a volume of coloured light which interacts with the mirror surface on the bottom and with the incisions on the transparent front surface which extract the light. In a game of re- flections, the space is no longer one, instead becoming multiple or simply other, an illusory perception of reality that takes you to a new place, altrove (literally, elsewhere).

Designer	Carlotta de Bevilacqua
Supplier	Artemide
Country	Italy
SKU	ART 1352150APP
Size	1000mm

Product Dimensions

Materials	Methacrylate, aluminium
Output	3248lm
Dimming	Push + Artemide APP

Source	82W LED
CRI	90

Colour Temp	3000K
IP Rating	IP20
