

ART 1293010A

## Edge Wall / Ceiling Light

by Alessandro Mendini

Edge is a geometric lighting piece that plays with balance and simplicity. Designed by Alessandro Mendini, its cube-like form appears to float, casting soft, diffused light from within. With an IP65 rating, Edge is built to perform both indoors and out - resistant to dust and water, yet refined enough for interior spaces. Whether wall-mounted or ceiling-fixed, it brings architectural clarity and ambient warmth to any setting.

**Designer** Alessandro Mendini

**Supplier** Artemide

**Country** Italy

**SKU** ART 1293010A

**Size** 30

### Product Dimensions

**Materials** Technopolymer

**Source** 1 x E27 LED (12W Max)

**Emission** Diffused

**IP Rating** IP65

**Dimming** Dependent on globe
