RO A/CORNICE/C

Cornice W2 Wall Light - Chrome

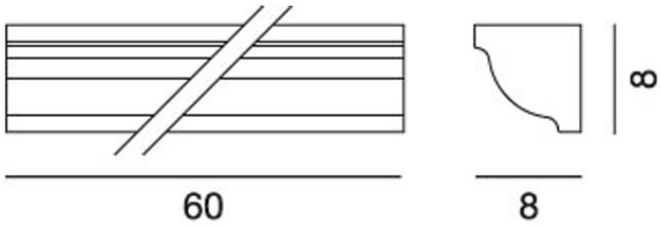

by Dante Donegani and Giovanni Lauda

Cornice by Rotaliana is a technical and elegant wall lamp that gives indirect light. Its design was born out of a research making parallel between the light and architectural forms. It is realised and based on a moulding section, the fragment of the typical frames used in classic constructions: it is a modern archaeology, a natural presence, and yet it looks slightly surreal in a domestic environment. This lamp is made of die cast aluminium, polished, chromed and painted. Its aesthetic characteristics and the extreme ease with which it is installed make it the perfect wall lamp for various environments. Available in chrome finish. Made in Italy.

Designer	Dante Donegani and Giovanni Lauda
Supplier	Rotaliana
Country	Italy
SKU	RO A/CORNICE/C
Finish	Chrome
