Empatia Pendant

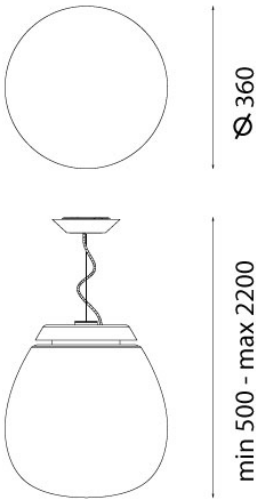

by Carlotta de Bevilacqua

Inspired by the timeless art of Venetian glass-blowing, Empatia pendant light is the result of a close collaboration between Artemide and master glass artisans. Each piece is individually crafted, celebrating the delicate balance between transparency and opacity to create a soft, glare-free glow. The glass diffuser is paired with a high-performance LED, designed separately to enhance thermal efficiency and light quality. A transparent light guide channels illumination seamlessly into the hand-blown glass, creating a luminous effect that beautifully enhances a space. Available in three sizes in dimmable or non-dimmable options. Designed by Carlotta de Bevilacqua and Paola di Arianello and made in Italy.

Designer	Carlotta de Bevilacqua
Supplier	Artemide
Country	Italy
SKU	ART 1823118A
Size	36
Version	Dimmable

Product Dimensions

Materials	Blown glass, methacrylate, aluminium
Output	1273lm
Dimming	PUSH

Source	24W LED
CRI	90
Notes	Max drop: 220cm

Colour Temp	3000K
IP Rating	IP20
