by Attila Veress and Davide Oldani

Designed to complement the Bonta lamp or stand beautifully on its own, the Bonta bowl is a refined piece of hand-worked glassware that brings elegance and warmth to the table. Each bowl is crafted by artisans, with subtle variations in texture, transparency, and colour that make every piece unique. Available in multiple shapes-including a taller bowl and a wider, plate-like version-it invites creative presentation and effortless sharing. Whether used for serving or as a decorative accent, the Bontà bowl celebrates the art of conviviality through thoughtful design and timeless craftsmanship.
