## Cosmic Angel Pendant

by Ross Lovegrove

Cosmic Angel is a sculptural suspension lamp that captures the fluid motion of air rolling over a thin surface. Designed by Ross Lovegrove, its lightweight thermoplastic body and opal methacrylate diffuser create a sense of weightlessness and rhythm. Suspended like a form in flight, Cosmic Angel emits soft, indirect light from die-cast aluminium units, blending futuristic design with ambient elegance. A true centrepiece, it brings movement and atmosphere to contemporary interiors.
