Equilibrist Table Lamp

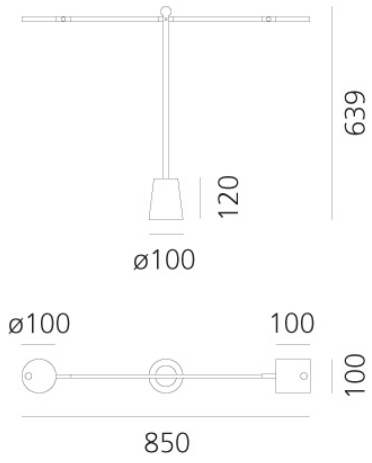

by Jean Nouvel

Equilibrist is a sculptural desk lamp defined by balance and contrast. Designed by Jean Nouvel, it features two opposing heads - one round, one square - mounted on a pivoting arm that evokes a sense of dynamic equilibrium. Each head offers a distinct light output, allowing for varied illumination in workspaces or reading areas. With its minimalist form and thoughtful engineering, Equilibrist blends artistic expression with everyday function.
