Curiosity Portable Table Lamp

by Davide Oppizzi

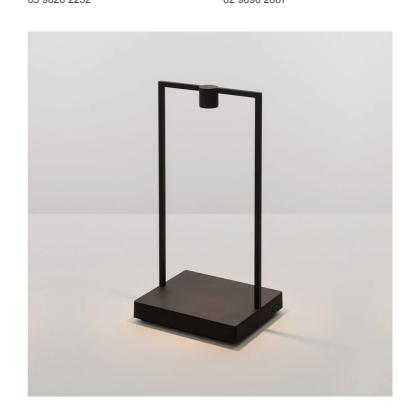

Curiosity is a portable lamp designed to illuminate both objects and moments. Its minimalist frame creates a stage for display, with a focused spotlight at the top that highlights whatever sits on its base. Available in two sizes and beam angles, Curiosity adapts to domestic and public spaces alike. The glass sphere version adds a warm, ambient glow - perfect for creating intimate atmospheres. With up to 26 hours of cordless operation, it brings light and elegance wherever it goes.
