Discovery Space Pendant

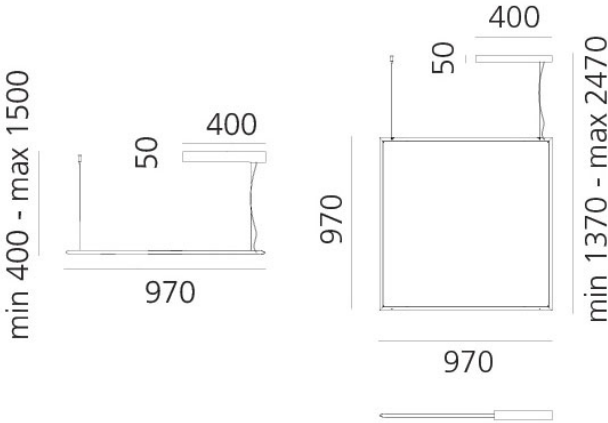

by Ernesto Gismondi

Building on the Compasso d'Oro-winning Discovery, the Discovery Space Pendant brings Artemide's patented optical technology to square and rectangular forms. These geometric shapes give the model greater freedom to interact with architecture: the luminous panel can be hung vertically or suspended at any angle, always producing comfortable, glare-controlled light with a UGR below 19. Unobtrusive when off, its volume is revealed only once illuminated. The Discovery Space Pendant is offered in two sizes and a choice of finishes. It comes in standard white, Tuneable White, RGBW and Integralis light versions, with push, DALI or Artemide App control depending on the version, so it suits settings from residential and hospitality interiors to workplaces. A design by Artemide co-founder Ernesto Gismondi, Discovery Space captures the brand's blend of optoelectronic expertise and design culture. Made in Italy by Artemide.

Designer	Ernesto Gismondi
Supplier	Artemide
Country	Italy
SKU	ART 2004060A
Size	Square
Finish	Bronze
Version	Standard - Push/DALI

Product Dimensions

Weight	11.38kg
Colour Temp	3000K
IP Rating	IP20

Materials	Technopolymer, aluminium
Output	1955lm
Dimming	Push/DALI

Source	34W LED
CRI	90
