Mesmeri Wall Light

by Eric Sole

The Mesmeri Wall Light is a stunning addition to any space, featuring a sinuous and light ribbon geometry that artfully conceals the light source. This design reflects light primarily upwards, while also casting a gentle glow downwards, opening up the beam into the room. The sleek, concave oval form diffuses light evenly, creating a soft and welcoming ambiance that enhances any environment. Available in white or polished chrome finish, this versatile fixture ensures it complements any interior with elegance and style.
