Tolomeo Two-Arm Pendant

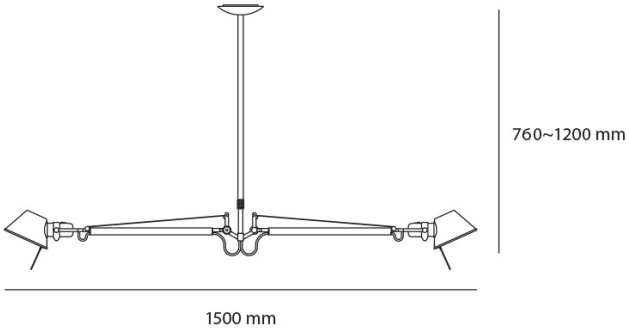

by Michele de Lucchi

The Tolomeo Two Arms Pendant Light by Artemide Lighting is part of the iconic Tolomeo range. Designed by Michele De Lucchi and Giancarlo Fassina, it debuted in 1987, blending functionality with aesthetics. The lamp features clean, minimalist lines and a polished aluminum structure for a modern look. The matt anodized aluminum diffuser and polished aluminum joints add elegance. Its standout feature is the articulated arm system with an innovative spring mechanism, allowing easy height and tilt adjustments. The cantilevered arms offer direct or indirect lighting. Two spring-balanced arms extend from a single stem, enabling smooth movement of the diffusers, making it a versatile and stylish addition to any space.
