Dedalo Umbrella Stand - Colour Matte Collection

by Emma Gismondi Schweinberger

The Dedalo Colour Matte Collection umbrella stand is a special edition from a collaboration between Artemide and Danese Milano, presenting Emma Gismondi Schweinberger's design in five exclusive matte finishes. Originally created for the Artemide collection of objects, the Dedalo shares with Danese production the same intelligence that combines form, materials, and production technology in a single, iconic piece. Moulded from ABS resin, its simple geometry was conceived to bring considered design to everyday moments - a philosophy that keeps it relevant decades on. This special edition is available in Light Blue, Blue Klein, Yellow, Lilac, and Green. The Dedalo Colour Matte Collection umbrella stand is made in Italy by Danese Milano.
