RO LT/LIGHT DOLL/M4

Light Dolls Portable Table Lamp

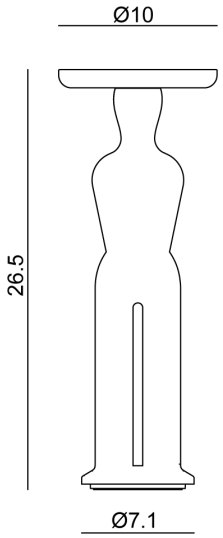

by Giovanni Lauda

Inspired by the archetypes of Guys and Dolls, the Light Dolls Portable Table Lamp by Giovanni Lauda for Rotaliana transforms light into sculptural presence. The two figures, one bold and masculine and one slender and graceful, carry a circular tray atop their heads that casts a warm downward glow while doubling as a perch for a place card or small object. The gesture echoes a tradition spanning ancient Egypt through Greek and Roman art: the human figure as bearer of light and offering. Crafted from premium porcelain produced in Jingdezhen, for centuries the home of Chinese imperial porcelain, the Light Dolls are rechargeable via USB-C with up to 42 hours of battery life. Touch dimming and adjustable colour temperature across warm to neutral white tones offer quiet control over the ambience. Available in male and female forms across five decorative finishes. Made in Italy by Rotaliana.
